Section One – What is a Computer?, Peripheral Devices, Setting up a Computer

What is a Computer?.....	1
Hardware	1
Software.....	1
The Computer System	1
Peripheral Devices	2
Input Devices.....	3
The Keyboard	3
Mouse	4
Scanner	5
Cameras	5
Output Devices	6
Monitor	6
Printers	7
Sound	8
Storage Devices	9
External Hard Drive	9
USB Drive	9
Floppy Disks	9
Zip Disks	9
Input and Output Devices (Communication Devices).....	9
Modem.....	10
WiFi.....	11
Sample Computer Advertisement	12
Advertised Computer Specifications Explained.....	13
Different Types of Computer Systems	14
Personal Computer	14
Notebook/Laptop	14
Netbook	14
Personal Digital Assistant (PDA)	14
Networks.....	15
Setting up a Computer	17
Position the Hardware	17
A Computer’s Environment	17
Computer Ports	18
Connecting Cables to Ports	19
Turn on the Power.....	21
Power Up/Down.....	22
Reboot	22
Shut Down	22
Revision	23

Section Two – The System Unit, Memory, Permanent Storage Devices, The Computing Process

Inside the System Unit	25
Power Supply	25
The Central Processing Unit (CPU)	25
Motherboard	26
Expansion Cards	26
Onboard Features	26
Memory.....	27
RAM (Random Access Memory)	27
ROM (Read Only Memory)	28
Permanent Storage Devices	29

Hard Disk (Internal)	29
CD and DVD Hardware.....	29
CD and DVD Disks.....	29
Storing Data on a Network Drive	30
Understanding Data	31
The Computing Process	31
Device Interaction	32
Revision.....	33

Section Three – System Software, Using Windows, Application Software

What are Hardware and Software?	36
System Software	37
Getting Started in Windows	38
Start Button	38
Desktop	38
Recycle Bin	38
Taskbar.....	38
Resizing a Window.....	42
Snap	42
Viewing the Desktop	46
Shake	47
Creating and Saving a Document.....	47
Viewing System Information	51
Help Feature.....	53
Search for a Topic.....	54
Definitions.....	54
Application Software	55
The Interaction between System and Application Software.....	55
Word Processing.....	56
Spreadsheets	57
Databases	58
Desktop Publishing	59
Graphics and Presentation	60
Communications Software	61
Software Suites	63
Revision - Using a Computer	64
Revision.....	65
Student Activity.....	66

Section Four – Managing Files

Windows Explorer	68
To Start Windows Explorer	68
Folders, Files and Storage.....	69
Navigation Pane.....	69
Looking at Folders and Files.....	70
Folder Properties.....	71
Files	72
Using Meaningful File Names	72
File Extensions.....	72
Displaying/Hiding File Extensions.....	73
File Properties and Making Files Read Only	73
Viewing your Files and Folders.....	74
Selecting Files	75
Creating New Folders	75
Copying Files.....	76
Moving Files	77
Renaming Files or Folders.....	78
Deleting Files or Folders	78

Opening a File from Windows Explorer	79
Exiting Windows Explorer	79
Recycle Bin.....	80
Restoring Items from the Recycle Bin	80
Emptying the Recycle Bin	81
Searching	82
The Search Box.....	82
Searching for a File and Folder.....	82
Search Filters	82
Searching from the Start Menu	83
Shortcut and Printing Practice	85
Change the Look of the Desktop	86
Backup.....	87
Backup versus Copy	87
Backup Software	87
AutoRecover.....	89
Saving.....	90
Revision.....	91
Student Activity.....	92

Section Five – Computer Maintenance

Hardware Maintenance	94
Cleaning your Computer	94
Monitor.....	94
Keyboard	94
Mouse	94
Printer	94
Printer Consumables.....	95
Printing Problems	96
Solving Problems	98
Simple Hardware Faults	98
System Maintenance.....	99
Disk Cleanup	99
Disk Defragmenter	100
Recycle Bin.....	102
System Maintenance Troubleshooter	102
Revision.....	104
Student Activity.....	105

Section Six – Common Threats to Data, Data Protection Measures, Ethical Issues

Data Protection.....	107
Unauthorised Access	107
Computer Viruses.....	109
Malware	110
Peer-to-Peer File Sharing	111
Protection against Viruses	111
Other Threats to Data.....	113
Data Protection Strategies	113
Information Management	115
Defining Acceptable Behaviour.....	117
Copyright	118
Copyright and Computing	118
Software Piracy	119
Revision.....	120
Student Activity.....	121

Section Seven – Environment and Ergonomics

What is Ergonomics?	124
---------------------------	-----

Ergonomic Computer Equipment.....	124
Monitor.....	124
Copy-holder.....	125
Keyboard.....	125
Mouse.....	126
Chair.....	126
Foot-rest.....	127
Workstation.....	127
The Office Environment.....	128
Room Space and Arrangement.....	128
Décor and Lighting.....	128
Temperature and Ventilation.....	128
Noise.....	128
Dust.....	128
Good Operator Habits.....	129
OOS.....	129
Work Breaks.....	129
Physical Exercises.....	130
Preventing Eye Strain.....	131
More Information on Ergonomics and OOS.....	131
Revision.....	132
BSBITU101A Assessment.....	133
Glossary.....	145
Index.....	149
